Planning Instructions:

Identify at least three student learning outcomes and complete the following portions of this plan. Student learning outcomes are defined in terms of what students will know, or be able to do, or believe as a result of instruction. The completed plan is e-mailed to Oaplangs@acad.usf.edu

Reporting Instructions:

At the end of the assessment period, the assessment report is prepared and e-mailed to: Oareports@acad.usf.edu The report contains a summary of assessment findings identified. In addition, the report describes what changes (if any) were made as a result of a review of assessment findings. The discussion on use of results should, at the very least, indicate that faculty members reviewed the assessment findings.
Student Learning Outcome #1

What will students know or be able to do or believe? Be specific.

Students completing the Athletic Training Program will demonstrate knowledge of the subject matter associated with athletic training.

ASSESSMENT PLAN - The completed assessment plan is e-mailed to Oaplans@acad.usf.edu at the beginning of the assessment period.

It is recommended that two means of assessment be prepared for each student learning outcome. One means of assessment may be sufficient.

Means of Assessment #1: Describe the procedures, strategies, or means that will be used to collect information on student learning.

Results from the students’ performance on the National Athletic Trainers’ Association Board of Certification Examination will be used to determine student learning.

Criteria for Success: Describe the criteria for success related to this means of assessment.

Eighty percent or more of the students who take the written portion of the National Athletic Trainers’ Association Board of Certification Examination will obtain a 70% or better the first time they take the exam.

---

Means of Assessment #2: Describe the procedures, strategies, or means that will be used to collect information on student learning.

Alumni’s analysis of their own ability from the Alumni Survey sent two years after graduation.

Criteria for Success: Describe the criteria for success related to this means of assessment.

Eighty percent or more of the students will rate their ability as a first year athletic trainer to apply subject matter content at a level of “Above Average” or “Excellent” as measured by the Alumni Survey two years after graduation.

ASSESSMENT REPORT - These items are completed after assessment activities, at the end of the assessment period. Completed assessment reports are e-mailed to: Oareports@acad.usf.edu
Findings: What findings resulted from assessment activities?

Use of Results
Student Learning Outcome #2

What will students know or be able to do or believe? Be specific.

Students will demonstrate knowledge of the technical skill necessary in performing the duties of an athletic trainer.

ASSESSMENT PLAN - The completed assessment plan is e-mailed to Oaplans@acad.usf.edu at the beginning of the assessment period.

It is recommended that two means of assessment be prepared for each student learning outcome. One means of assessment may be sufficient.

Means of Assessment #1: Describe the procedures, strategies, or means that will be used to collect information on student learning.

Results from the students’ performance on the National Athletic Trainers’ Association Board of Certification Examination will be used to determine student learning.

Criteria for Success: Describe the criteria for success related to this means of assessment.

Eighty percent or more of the students who take the oral practical portion of the National Athletic Trainers’ Association Board of Certification Examination will obtain a 70% or better the first time they take the exam.

ASSESSMENT REPORT - These items are completed after assessment activities, at the end of the assessment period. Completed assessment reports are e-mailed to: Oareports@acad.usf.edu

Findings: What findings resulted from assessment activities?

Use of Results: What changes, if any, were made in response to the findings? This section should indicate that faculty members reviewed the assessment findings.
Student Learning Outcome #3

What will students know or be able to do or believe? Be specific.

Students will demonstrate behavioral attitudes necessary in an athletic training environment.

ASSESSMENT PLAN - The completed assessment plan is e-mailed to Oaplans@acad.usf.edu at the beginning of the assessment period.

It is recommended that **two means** of assessment be prepared for each student learning outcome. One means of assessment may be sufficient.

**Means of Assessment #1:** Describe the procedures, strategies, or means that will be used to collect information on student learning.

Alumni’s analysis of their own ability from the Alumni Survey sent two years after graduation.

**Criteria for Success:** Describe the criteria for success related to this means of assessment.

Eighty percent or more of the students will rate their ability as a first year athletic trainer to apply technical skills at a level of “Above Average” or “Excellent” as measured by the Alumni Survey two years after graduation.

ASSESSMENT REPORT - These items are completed after assessment activities, at the end of the assessment period. Completed assessment reports are e-mailed to: Oareports@acad.usf.edu

**Findings:** What findings resulted from assessment activities?

**Use of Results:** What changes, if any, were made in response to the findings? This section should indicate that faculty members reviewed the assessment findings.
Student Learning Outcome #4

What will students know or be able to do or believe? Be specific.

Students will demonstrate social attitudes necessary in an athletic training environment.

Student Learning Outcome #5

What will students know or be able to do or believe? Be specific.

Students will be prepared to perform the duties of an athletic trainer.

ASSESSMENT PLAN - The completed assessment plan is e-mailed to Oaplans@acad.usf.edu at the beginning of the assessment period.

It is recommended that two means of assessment be prepared for each student learning outcome. One means of assessment may be sufficient.

Means of Assessment #1: Describe the procedures, strategies, or means that will be used to collect information on student learning.

Employers will complete an Employer Survey that will ask the degree to which the athletic trainer is able to perform his/her duties. This will be administered two years after graduation.

Criteria for Success: Describe the criteria for success related to this means of assessment.

Eighty percent of the graduates from the Athletic Training Program will demonstrate the ability to perform the duties of an athletic trainer at “Above Average” or “Excellent” as measured by the Employer Survey that will be administered two years after graduation.

Means of Assessment #2: Describe the procedures, strategies, or means that will be used to collect information on student learning.

Alumni’s analysis of their own ability to demonstrate the ability to use a variety of assessment methods to monitor student learning from the Alumni Survey sent two years after graduation.

Criteria for Success: Describe the criteria for success related to this means of assessment.

Eighty percent of the alumni will rate their ability as a first year teacher to demonstrate the ability to use a variety of assessment methods to monitor student learning at a level of “Above Average” or “Excellent” as measured by the Alumni Survey two years after graduation.

ASSESSMENT REPORT - These items are completed after assessment activities, at the end of the assessment period. Completed assessment reports are e-mailed to: Oareports@acad.usf.edu

Findings: What findings resulted from assessment activities?

Use of Results: What changes, if any, were made in response to the findings? This section should indicate that faculty members reviewed the assessment findings.
