

***Closing the Loop:
Data-based Programmatic Review & Response***

The data contained within these reports was gathered from multiple sources to broaden our insight with respect to the perceptions and observations of our faculty, students, graduates, alumni, and a variety of stakeholders. These data are disaggregated and reported at the program and degree level. In addition, data aggregated at the unit level for each data source are provided on our COEDU website at: <http://www.coedu.usf.edu/main/qualityassurance/ar.html>, and may be useful for comparing and examining program level data with unit level information.
