Subject: COEDU Community of Science Link: Faculty Join Up

C OEDU COMMUNITY OF SCIENCE for FACULTY **RESEARCH** **JOIN UP!!!**

This is to encourage faculty and research staff to sign on to the Community of Science (COS) Network of Scholars. Participation in the network means that you will receive updated information about the latest research grant opportunities in your research area of specialization.

As you will note from the attached link, COS houses “more than 25,000 records, representing over 400,000 funding opportunities, worth over \$33 billion.” Becoming a member through the sign-up process is a worthwhile endeavor.

Linkage to the COS site will also assist us in bringing faculty together around shared research interests that may be supported through the COEDU Research Collaborative Grant Program

COEDU RESEARCH COLLABORATIVE GRANT PROGRAM

<http://www.coedu.usf.edu/main/research/documents/COEDUResearchCollaborativeGrantProgram.pdf>

Please give a ring if you have any questions about becoming a member.

COMMUNITY OF SCIENCE LINK TO JOIN
