The USF Exercise Science program is a *limited access* program. Students with the top 30 composite GPAs will be selected for admission. A composite GPA score will be calculated for each student by adding 30% of the overall GPA and 70% of the common statewide prerequisite GPA. Therefore, your transcript(s)* including all of the state mandated prerequisites must be submitted by the July 15th deadline – there are no exceptions. Please complete the following regarding your state mandated prerequisites: (NOTE: For a list of the USF courses that meet the state mandated prerequisites, see page 3).

IMPORTANT -- Read and follow these instructions regarding your transcript(s):

*Submit an official copy of your transcript(s) to the Admissions Office. Send another copy of your transcript(s) (“unofficial” is acceptable) directly to the address listed on the first page by the July 15th deadline. If possible, include this additional copy of your transcript(s) with this application. This is important due to the heavy volume of transcripts being processed by the Registrar’s office. By sending another copy directly to the Pre-Education Advising office, it will help ensure your application is complete by the deadline. Incomplete or late applications will not be considered. USF students do NOT need to submit transcripts.
